

Instrument and Music Supplies

Suggested Local and Online Vendors

[Dallas Strings](#), [Cadenza](#), [Williamson Music First](#), and [Music and Arts](#) can supply students with any instrument needs, including strings, rosin, etc. [JWPepper](#), [Pender's Music](#) or [Gilbert and Lawrence Music](#) can supply sheet music to students wishing to purchase pieces on their own.

School-Owned Instruments

Due to our limited number of instruments and health and safety guidelines, we will not be able to send school instruments home for home practice this year. Students should plan to rent their instrument from a listed vendor above and may choose to either bring their own instrument to and from school for each class (personal cellos and basses may not stay at school), or pay the mandatory FISD usage fee to use a school-owned instrument. Each instrument will only be used by one student for the year. School-owned instruments are rented on a first come, first serve basis.

Centennial High School has a limited number of instruments that are available for students to use at school with the \$50/semester mandatory FISD usage fee. Unfortunately, we may not have enough to offer each child the opportunity to use one of these school instruments. Each bass player will be assigned a school instrument to be used in class, but cello players may be asked to bring their home instruments to school each class day.

Every student, regardless of instrument, must have an instrument of their own at home (rented or purchased). At-home practice is imperative to the success of your student and to the success of the Centennial Orchestra.

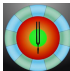

Families who wish to use a district-owned instrument on campus is required to sign an "FISD Instrument Loan Agreement," pay the FISD instrumental usage fee (\$50/semester or \$100 for the entire school year), and accept responsibility for maintaining, repairing, or replacing the instrument during the current school year. This "Instrument Loan Agreement" strongly urges you to maintain insurance on the school instrument. It is your choice whether or not to do so; however, if an instrument is stolen, lost, or damaged, you are responsible for replacing or repairing that instrument. The director can provide information on an insurance company, or you may investigate options through your home-owner's insurance.

Instrument Repairs

Centennial Orchestra sends its own instruments to be repaired at Dallas Strings and/or Cadenza, and we are capable of sending your personal instrument there for repairs as well if necessary.
